Dear Mr. Harris

LETTER OF APPRECIATION TO LABOUR

We have just completed a tough year for the rail business but despite the challenges we ended the year by delivering a respectable 212,372,945 tons. I would like to thank you and your collective leadership and members for your support during those tough days when the challenges seemed insurmountable. Through your encouragement, suggestions and mobilisation of your members we have emerged a resilient team.

Personally, I would like to express my deepest appreciation to you for trusting me to lead the organisation during the twelve months of my acting tenure.

As a nation we are facing the devastating threat of COVID-19 on our people, our business and our economy. It is our sole responsibility to ensure that we do everything possible to protect the health and safety of our people.

Your exemplary leadership in the fight against the spread of COVID-19 pandemic has assisted us in our programmes to educate our employees and to stem unnecessary panic in the workplace. COVID-19 has shifted the status quo in all areas of our lives through social distancing, heightened hygiene practices and a nationwide lockdown.

Let's continue to support our frontline staff who are providing essential services by ensuring that all the necessary safety and health protocols and personal protective equipment are in place. These are our true HEROES and HEROINES!

As we face these turbulent times, I would like to wish you, your members and your respective families well during this lockdown period.

Yours sincerely

Lloyd Tobias
Acting Chief Executive
